Hoover: Spending To Bring Collectivism

Says Nation Is 'On The Last Mile'

Palo Alto, Calif., Aug. 10.—(AP)—Herbert Hoover declared today that "through government spending and taxes our nation is blissfully driving down the back road" to collectivism and is "on the last mile."

The only living former president said on his 75th birthday that while "we have not had a great socialization of property the result was being achieved by government spending of the peoples' savings."

Hoover spoke at Stanford University at ceremonies honoring him on his birthday. He only recently finished two years of work as head of a commission which proposed economy in government. In his address he lashed out at new federal and state proposals for spending taxes.

Government Takes Over
"Along this road of spending," Hoover said, "the government either takes over, which is socialism, or it dictates institutional and economic life, which is fascism."

"The American mind is troubled by the growth of collectivism throughout the world."
"We have a few hundred thousand communists and their fellow travelers in this country. They cannot destroy the Republic. They are a nuisance and require attention. We also have the doctrinaire socialists who peacefully dream of their Utopia."

"But there is a considerable group of fuzzy-minded people who are engineering a compromise with all these European infections. They fail to realize that our American system has grown away from the systems of Europe for 250 years. They have the foolish notion that a collectivist economy can at the same time preserve personal liberty and constitutional government."

Britain As Example
But, Hoover said, the "austerity" in England should be "a sufficient spectacle" of what happens when nations try it.

Hoover said the thinking of the American people was dragged by such slogans as "welfare state." He called this term "a disguise for the totalitarian state by the route of spending."

Hoover presented some figures. The average working citizen he said now must work 61 days a year to pay taxes supporting the government, local, state and federal.

He divided the days this way: 11 to pay obligations from governor; 24 for national defense and the cold war; 12 days for other federal expenditures and 14 days for state and local government.

Hoover said that "so long as we must support the necessary national defense and cold war at a cost of 24 days work per year to Mr. Average W. Citizen, there are many comforting things that should be deferred if we do not wish to go down this road to ruin of our national family life."

Throughout his address, Hoover punctuated his points with the sentence: "Think it over." He placed one of these at this point.

Reports Intimacy Between Inmates Of Juvenile Home

Los Angeles, Aug. 10.—(P)—Reports of intimacies between boy and girl inmates of a juvenile institution brought a court order today for the removal of 16 children committed to the institution from Los Angeles county.

Superior Judge Raymond McIntosh issued the order after a conference with John Zuck, chief county probation officer.

The Mary Burke Foundation at Campo, Calif., a state licensed private institution for retarded children, is the institution named. Two foundation employees were arrested last week on charges they arranged a love tryst between a 16-year-old boy and a 21-year-old woman, both inmates.

McIntosh's order follows reports that several girl inmates had become pregnant. The Los Angeles county children, 14 boys and two girls, are to be returned to Juvenile Hall here.

Judge McIntosh instructed Zuck to arrange for medical examinations of the two girls to determine if they are pregnant, commenting: "If the evidence adduced substantiates the investigation I will insist that charges be filed immediately."

POLICE RAID BOOKIES
Chicago, Aug. 10.—(P)—Police raided today three places where they said horse race bets were being taken, and confiscated \$1,000. Ten persons were detained without charge for questioning.

15 Persons Meet Fiery Death As Bus Hits Bridge

Bloomington, Ind., Aug. 10.—(P)—Fifteen persons met fiery death as a Greyhound bus toppled sideways and burned after hitting a bridge abutment near here early today.

No one aboard the bus escaped unscathed; 12 other passengers and the driver were injured.

The bus was on a run from Indianapolis to Evansville. The accident occurred about 50 miles southwest of Indianapolis.

A straight stretch of state highway 37 in the hill country just north of Bloomington when the accident happened. It is one of the few straight sections of the winding road between Indianapolis and Bloomington. Ironically, the highway is soon to be replaced by a straighter route.

Many of the passengers were dozing, as it was shortly after midnight. Others were looking out at the countryside lighted by a bright moon.

Wayne Cranmer, 25, of Indianapolis, the bus driver, gave this version of the accident before Dr. Robert E. Lyons, Monroe county coroner, clamped down on further statements, pending an inquest:

"It seemed like the steering gear went out. Either that, or we had a tire blowout. I don't know what happened."

The bus, he said, banged into the three-foot high abutment. The right front wheel was sheared off. The bus, out of control, careened 150 feet down the highway, skidded completely around and finally rolled over on its left side, blocking an emergency exit.

A few passengers, probably two or three, the bus driver said, escaped through the front door.

Others climbed through a rear window booted out by Edgar Davis, 43, husky driver of an Indianapolis, Negro Taxi cab company. Some of the survivors credited Davis with heroic work in rescuing them. He suffered back and shoulder injuries.

It was hours before the bodies could be removed. They were brought to the Indiana National Guard Armory in Bloomington to await the difficult task of identification.

All had been charred beyond recognition and whatever baggage they had with them was burned to a crisp.

The coroner said the victims apparently were eight women, four men and two children. The 15th was a child, but the body was burned so badly the sex could not be determined, he said.

Weather Man Says No Break Seen In Current Heat Wave

By The Associated Press
Eastoners sizzled Wednesday in their worst heat wave of the summer. Most of the Midwest was hot, too, and forecasters said no break was in sight.

A cool air band, reaching from the Pacific coast to northern Michigan, stalled over the nation's northern fringe. Northern Maine also benefitted from a Canadian cold front.

But the rest of the east sweated. Boston had an early afternoon temperature of 100. New York's 98.7 made it the hottest day of the year for the nation's metropolises, and the hottest Aug. 10 on record.

Warm and humid weather continued in the mid-west with Chicago steaming in mid-90 degree heat.

Scattered thundershowers sent the mercury tumbling in some sections of the central area, but only for brief periods. More heat and moisture was forecast for the Chicago area.

The Weather Bureau said the current heat spell originated in the Gulf States and has settled down to an indefinite period over the eastern half of the nation.

Predict Corn Crop Will Be Second Largest On Record

Washington, Aug. 10.—(P)—A corn crop short of some expectations, but still the second largest of record was forecast today in a government report which predicted another year of bountiful harvests.

In its August crop report, the agriculture department put corn at 5,335,000,000 bushels, or about three per cent short of last year's record 5,590,000,000 bushels; but about 28 per cent above the 10-year (1938-47) average of 2,787,000,000.

Private forecasters and department officials who had no part in making the estimate had expected the official figure to set a new record.

The department said heavy cornborer infestation and lack of rainfall in some areas were tending to hold down corn yields.

Red Scorns Slogan 'My Country, Right Or Wrong'

New York, Aug. 10.—(P)—Robert G. Thompson, communist leader and World War II veteran, poured scorn today on the slogan "My Country, Right Or Wrong."

He called it a "big business slogan" and "one of the most vicious and harmful slogans ever put forth."

Thompson, New York state communist party chairman, is one of 11 communists on trial on charges of conspiracy to advocate violent overthrow of the government.

He testified that he hated the "right or wrong" idea because he had "to kill too many fine Italian, German and Japanese young men" who fought for their own lands under the same slogan.

Thompson fought with the Spanish Republican army in the civil war there and with the U. S. Army in the Pacific in World War II.

His assertions were part of a summary he gave of a speech he made to a communist party building congress in 1947.

Stevenson Raises Wages Of Elected State Officials

Springfield, Ill., Aug. 10.—(P)—Governor Stevenson today gave final approval to legislation raising salaries of elected state officials.

The governor vetoed a bill that would have given sheriffs pay raises ranging from \$1,500 to \$4,000 a year for services as county jail wardens. He said the measure is unconstitutional.

The approved legislation will give the state treasurer elected next year \$12,000 annually compared with the \$9,000 now paid Ora Smith, the incumbent.

It provides similar \$3,000 a year pay boosts for the offices of secretary of state, auditor, state school superintendent and attorney general. The increases are effective when the positions are filled again—in 1951 and 1953.

The adjutant general's salary is raised from \$8,000 to \$10,000 a year and the supreme court clerk from \$7,500 to \$10,000.

Stevenson has not acted on a bill that would jack up his own salary from \$12,000 to \$25,000 a year, assuming he is re-elected in 1952.

He recently okayed measures giving increases to state cabinet members, other key appointive state officials and state workers generally.

Nationals Plan Move Back To Chungking

Canton, Aug. 10.—(P)—The government today is hastily packing the official archives for the long, sad journey back to Chungking, the wartime capital.

Little more than three years ago, Chiang Kai-Shek and his government triumphantly moved out of that far western city and returned to Nanking. Japan was beaten.

Now another of Chiang's old enemies, the Chinese communists, threatens. Red armies are little more than 200 miles to the north.

The red advance has put two provincial governments to flight. The Kiangsi province government fled from menaced Kanhien to Hweichang. Kanhien is 215 miles north-

east of Canton. Hweichang is 50 miles southeast of Kanhien.

The Hunan province government, in the path of the main red advance, has cleared out to Chihking. That is 380 miles northwest of Canton.

The gloom is thick in this refugee capital deep in South China. Few believe Canton will remain the nationalist capital much longer. Six weeks at the most, say some.

Some officials already have gone to Chungking. Others have left for Taipei, capital of the island fortress of Formosa.

Unless plans are changed, Chungking again will become the nationalist capital. But the seat of nationalist power—as everyone knows—will remain with Chiang at Formosa.

Most of the embassies will close. Some foreign firms already have shut up. They don't like the uncertainty that red rule brings.

In the civil war fighting, the communists were said to have thrown fresh forces into a hot battle north-west of Kanhien. It is in this area that the nationalists by official account assert they have 11,000 reds encircled. Whether the fresh red troops were sent to the relief of this force was not clear.

(Official government reports from Formosa to Hong Kong said the nationalist blockade had effectively bottled up the big northern city of Tientsin.)

Truman Signs Bill To Tie Fighting Forces Into Unity

Washington, Aug. 10.—(P)—President Truman signed into law today a measure designed to tie the nation's fighting forces into trim, taut unity.

The President said that the legislation, which strengthens and revises the unification law of 1947, should enable the United States to attain "a balanced and effective national defense."

The measure gives the secretary of defense more direct power to steer all military activities, provides for a permanent chairman of the joint chiefs of staff, and—possibly vital importance to American taxpayers—creates a centralized, business-type budget and accounting system which has been held capable of saving hundreds of millions of dollars a year.

Estimates of the possible savings ran up to a billion dollars or more, once the system gets into full swing.

Children Visiting State Fair To Be Under Quarantine

Springfield, Ill., Aug. 10.—(P)—Children visiting Springfield during the Illinois State Fair will come under the city's polio quarantine, city health officials said today.

The fair opens Friday for 10 days. George Doyle, city health commissioner, said children under 16 who visit Springfield and stay in hotels, rooming houses, private homes or other lodging places will have to observe the quarantine restricting them to the premises.

Those who operate the quarters will have the responsibility of enforcing the ban and should report violations to police, Doyle said.

The fair grounds are just outside the city limits and not included under the quarantine. Youngsters who visit the grounds and don't take up residence in Springfield will not be quarantined, Doyle said.

Dr. J. H. Shamel, city health superintendent, indicated that Springfield children won't get to attend the fair—an annual treat for them. He said the two week old quarantine will remain in effect at least another 10 days if the present case rate here continues.

Gives Hubby Push, He Drives Away And Leaves Her

Hannibal, Mo., Aug. 10.—(P)—With the car battery dead, Mrs. Gilbert Rigby, 22, of Indianapolis, gave her husband a shove early this morning and by afternoon she still hadn't caught up with him.

Left with total assets of 10 cents, she enlisted the help of Hannibal police.

Mrs. Rigby said she and her husband were returning from a vacation in the west. Last night they stopped for a nap just outside Monroe City, 22 miles west of Hannibal.

At 5:30 a.m. the car wouldn't start. They pushed it, the motor caught, Rigby hopped in, and away he went.

Demo, GOP Senate Leaders Agree To Act On DP Bill

Washington, Aug. 10.—(P)—Democratic and republican leaders agreed today to try to blast a House-approved displaced persons bill out of the Senate judiciary committee.

Senator Lucas of Illinois, the democratic leader, said he and five other democrats will sign a petition to take the bill away from the committee.

He said Senator Taft of Ohio, chairman of the GOP policy committee, indicated he and five other republicans would sign the petition also. Lucas promised it will be brought up for action before congress adjourns.

Lucas said the unusual action will be taken because Chairman McCarran (D-Nev.) has refused to pledge any early move by the judiciary committee on the DP bill.

Lucas said he sought cooperation of the republicans "because I consider this a bipartisan measure."

Taft told reporters he and some other republicans are willing to seek action on the bill, although he said some of his party members oppose the measure.

5% Probers Told Hunt Got \$86,000 On Deal

Report France To Get Most In Arms Program

Washington, Aug. 10.—(P)—The strategy behind President Truman's \$1,450,000,000 foreign arms program became clearer today as the military high command disclosed that the bulk of assistance to Europe would go to rearm once powerful France.

General Omar N. Bradley revealed that a strong French army is at the heart of the administration's plan to build up forces in western Europe.

The idea, he said, is immediate assistance to make our European allies strong enough to delay and hamper any aggressor until the United States could get into action.

Bradley declared the \$1,600,000,000 earmarked for European members of the North Atlantic alliance will not give Europe the military strength to stop an attack by Russia.

The army chief said it will take five or ten years—"no one knows how long"—for western Europe to build up her economic and military power to a point where she can do that. But he added that the aid proposed now will strengthen her to the point where there may be no attack.

Bradley said details of the plan to channel the bulk of European arms aid to France would have to be given to congress shortly.

It is no secret, however, that the enormous arm with which France went into World War Two lost most of its equipment during that conflict. The French air force met similar disaster, and much of the French fleet was scuttled to keep

it out of German hands. French forces that fought their way back into Europe with U. S. and British American guns, tanks and planes.

A recent Associated Press survey of European members of the Atlantic alliance showed that France now has the largest force of military manpower on the continent outside Russia. There are 469,000 men in the French army, 68,000 in the air force, and 53,000 in the navy. Britain has fewer men in its ground forces but nearly four times as many airmen and more than four times as many sailors.

House Votes Hike In Minimum Wage To 75c Per Hour

Washington, Aug. 10.—(P)—The House voted today to raise the minimum wage from 40 cents an hour to 75 cents, but take an indeterminate number of persons out from under the wage-hour act.

Final action on the bill, however, was put off until tomorrow, and there remained the possibility that the House might change its mind.

Just how many people would be removed from the law's coverage under today's voting was a subject of dispute. Some legislators guessed it would be a million or more, but others said no definite figure could be given at this time.

Although it was not the administrative bill which was approved by a 225 to 181 roll call vote, it represented a partial victory for President Truman who had called for a 75 cent minimum wage at the start of this congress session.

What the House did was to approve a substitute measure by Rep. Lucas (D-Tex.) after first knocking out its original proposal to set the wage level at 65 cents and then adjust it annually—either up or down—according to the cost of living. By a vote of 186 to 116, the House accepted an amendment by Rep. Redden (D-N.C.) to fix the Lucas bill figure at a flat 75 cents.

Stuart Joins U.S. Policy Makers To Map China Program

Washington, Aug. 10.—(P)—Ambassador John Leighton Stuart, spy veteran of 40 years educational and diplomatic work in China, today joined State department policy makers charting a new anti-communist program for the United States in the Far East.

The 73-year-old envoy arrived here by plane today. He had left the communist controlled city of Nanking, where he maintained his embassy, more than a week ago.

He is expected to report to Secretary of State Acheson tomorrow and to see President Truman soon thereafter.

He eventually arrives under not to say anything publicly until after his meetings with Acheson and the President. To all questions of reporters about conditions in China, Stuart replied, "I have nothing to say until I have reported to the secretary of state."

His return here, his first since he became ambassador three years ago, was the latest in a series of developments bearing on the China situation. These began last week with the issuance of the State department's white paper. This wrote off the nationalist government as a failure in its effort to stop communism and opened the way for the development of new American policies.

Republican Party Nearly Meets Its Doom In Senate

Washington, Aug. 10.—(P)—The republicans had a narrow squeak in the Senate today.

Senator Lucas of Illinois, the democratic leader, interrupted debate on the so-called basing point bill to observe:

"There isn't a single republican on the floor and it might be a good time to abolish the Republican party by unanimous consent."

But Senator O'Mahoney (D-Wyo.) noted that Senator Capehart (R-Ind.) was presiding "and we're all in the hands of a republican and a good republican."

Grimacing, Capehart hastily gave up the presiding officer's chair to Senator Graham (D-N.C.) and took his seat on the empty republican side.

Jail Jazz Player On Morals Charge

Los Angeles, Aug. 10.—(P)—Trum-peter Wingy Nanone, 38, and two women were convicted today on charges resulting from testimony of two policemen that they peeped through an apartment window last June 10 and saw the three scantily clad.

Manone was convicted by Judge Joy R. Raycraft of resorting to a morals offense, and vagrancy, both misdemeanors. Mrs. Wanda Vermillion, 24, was convicted of similar charges and Mrs. Jean Phillips, 24, was found guilty of vagrancy.

Manone is well known as a one-armed jazz player and bandleader in the New Orleans Basin street style.

Helped Firm Buy Hotel For Half Price

Washington, Aug. 10.—(AP) Senate investigators were told today that James V. Hunt was paid \$86,000 for helping a hotel firm repurchase the Lido Beach hotel for half what it had cost the government.

Hunt received a \$5,000 check from the hotel firm while he still was employed by the War Assets Administration as a \$50-a-day consultant, testified Francis D. Flanagan, staff investigator.

Hunt kept the check three months, then returned it, quit his government job, got a new \$5,000 check and was paid the rest in fees for services to the Seiden Hotel Company, Flanagan went on.

Money Saving Deals
With Hunt's help, the Long Island hotel which cost the navy \$1,300,000 when it was taken over for war use went back to the Seiden company as surplus for \$635,000, the witness said. He was quoting, he added from records of Hunt and the WAA.

The special subcommittee looking into persons who allegedly sold businessmen their "influence" in the government heard that also.

1. Maj. Gen. Harry V. Vaughan, President Truman's army aide, called on Housings Expediter Tighe Woods asking him to "please hurry" the granting of a construction permit to Tanforan race track in California. The permit was granted the next day, according to testimony.

2. Albert Lewitt, former secretary to ex-Senator Hawkes (R-N.J.), figured in testimony about the hotel deal. He was paid \$5,000 by Hunt as a "consultant and adviser," Lewitt said, but seldom gave advice. He denied that the money in reality was a fee for steering Hunt onto the profitable Lido Beach transaction.

Describes Interviews
3. Lewitt, a registered lobbyist in 1947, sent letters to his paying clients describing fictitious interviews he was supposed to have had with top-ranking leaders of congress. He calmly admitted the talks never took place, but said this was "of no concern" to his clients.

Angrily, committee counsel William Rogers barked at him that the committee is concerned over "persons falsely selling influence" who mislead clients and reflect on persons in public life.

Rogers said Lewitt wrote letters to the navy in behalf of the Seiden hotel family which gave the impression that Senator Hawkes was interested in the case. In reality, he said, it was Lewitt alone.

The "five percent" spotlight returned briefly to the White House. Housings Expediter Woods related yesterday how General Vaughan called him to the White House in behalf of "some of my friends," the operators of the Tanforan track near San Francisco.

Woods was recalled to the witness chair today. He said Vaughan came to his office Jan. 12, bringing with him Eugene Mori, Camden, N. J., president of the Tanforan company. The race track was then stymied by the expediter's refusal to grant a permit, under the regulation which forbade the use of scarce housing materials in amusement places. The track also was under court injunction, on the grounds that it had violated an earlier stop-construction order.

2 Armed Men Beat, Rob Man Of Payroll

Chicago, Aug. 10.—(P)—Two armed men beat, tied and robbed a 68 year old employment office manager today just after he had withdrawn \$275 from a bank to meet his payroll.

He is Frank DeMotto, manager of a West Madison street branch of Collanni and Dine company, an employment agency.

DeMotto told police the two men stuck a gun in his back, hit him with their fists when he started to turn around, then tied his hands and feet and took the money from his wallet.

He crawled to a telephone and called police.

DeMotto had just returned from the bank and from having a tooth pulled when the men entered, he said.

Drunk Farmer Goes After Stubborn Cows With Shovel

Bloomington, Ill., Aug. 10.—(P)—The cows weren't milked when Wilbur Clark came home Monday night. Furthermore, they were stubborn about entering their stalls.

So—Clark's wife testified in court today—Clark grabbed a shovel and gave the cows a working over, knocking off a few horns in the process.

Mrs. Clark said that when she protested her husband threatened her with the same treatment and chased her into a cornfield, brandishing the shovel. She said he had been drinking.

Arrested on his wife's complaint of threatening her, Clark, 41, of nearby Randolph, was released today under a one-year \$3000 peace bond by Justice of the Peace A. M. Campbell.

Mrs. Clark didn't say whether the cows ever got milked.

WEATHER

The Norbury Sanatorium, cooperative observatory for the U. S. Weather Bureau, yesterday reported the temperatures for Wednesday as follows: High, 93; low, 70; and at 6 p.m., 79.

Forecast For Illinois—Warm and humid today with a few scattered afternoon or evening thunder showers. High 90 to 94.

**JUDGE SHOWED DISCRETION IN
PERMITTING REDS TO RANT**

The "field day" is over for the attorneys defending the 11 Communist leaders on trial in New York. Federal Judge Harold R. Medina, who has been a model of patience through seven months of deliberate provocation and planned confusion, suddenly has switched tactics and is applying stern measures against the Communists' lawyers.

One of their most exasperating maneuvers has been to keep up an almost endless flow of frenzied argument, in defiance of general courtroom procedure and specific warnings from Medina. He has now told them they will no longer be allowed to indulge in long speeches every time they rise to object. He will ask a U. S. marshal to force them to sit down if necessary.

He has informed them their constant violation of many rules was willfully and deliberately done and "contemptuous." This was a further sign that when the trial is over the Communists' lawyers will certainly face serious contempt charges and possibly worse.

Medina likewise has directed the attorneys to stop trying to refute the charges against the defendants—conspiracy to teach overthrow of the government by force and violence—by making counter-charges against others.

"We've heard enough about force and violence by others," the judge said. "I want to hear what these defendants did or said on that score."

Many observers probably would say "it's about time." Many of them undoubtedly felt Medina should have meted out severe punishment quickly and thus halted the lawyers' irresponsible courtroom behavior at the start.

We think, however, that the judge acted with eminent good sense and high judicial purpose in giving the defendants and their lawyers wide latitude. He has thereby denied them any real chance of accusing him of prejudice and has averted the danger of a mistrial.

He has left the way open for the defense to compile a record of courtroom disobedience seldom if ever matched in judicial annals. That record will stand against the defendants should they try to appeal in the event of conviction. Furthermore, it can now be used by Medina as good warrant for stern discipline which, if applied earlier, might have made him vulnerable to criticism.

It is really amazing that the Communists seem to believe their tactics have any value. They must imagine they are doing a superb job of discrediting American justice and at the same time spreading propaganda all over the map.

Actually about all they have accomplished by their disreputable courtroom tactics is to make Medina look like a very able jurist with a great talent for dealing with legal hooliganism.

Sit Tight, Champ!--- Wheels Do Your Stuff!

Roger Cannell, 13 years old, smiles happily from the car he built himself, which he will pilot in the National Soap Box Derby Finals at Akron, Ohio, next Sunday afternoon. Cannell is the Journal Courier entrant in the finals, carrying hopes of all Central Illinois into the Derby against 149 other hometown champions from all over the U. S. A. His parents, Mr. and Mrs. Deane Cannell, and several other Jacksonville residents will be in the stands shouting "Come on Roger," while Roger grips the wheel and shoots down the steep incline of Derby Downs.

Roger Cannell Leaves Tonight For Akron To Race In Derby Finals

Roger Cannell, the little champ who thrilled thousands by his nervy performance in the Jacksonville Soap Box Derby last month, leaves tonight for a tougher assignment.

He is ready to take off for Akron, Ohio, where next Sunday, Aug. 14, he will try to travel faster in his Journal Courier car than any of the other 149 city champions entered in the national Soap Box Derby finals.

His Dad and Mom, Mr. and Mrs. Deane Cannell, 28 Sunset Drive, will accompany Roger to Akron, together with Mrs. Harley Mayberry and Chick Henske, representative of the Exchange club, which co-sponsored the local race.

Cannell's winning car was sponsored in the city race by the Jacksonville Appliance Co., of which Harley Mayberry is owner and proprietor.

The Jacksonville champion and his party will go to Akron by automobile, arriving Thursday for the beginning of pre-Derby festivities.

Ship Car By Express
Roger's speedy little race car, with "Journal Courier, Jacksonville, Ill." painted on both sides, has already been shipped to Akron by express. Each of the 150 home town champions from throughout the U.S.A. is sponsored by newspapers, under terms of the Derby agreement.

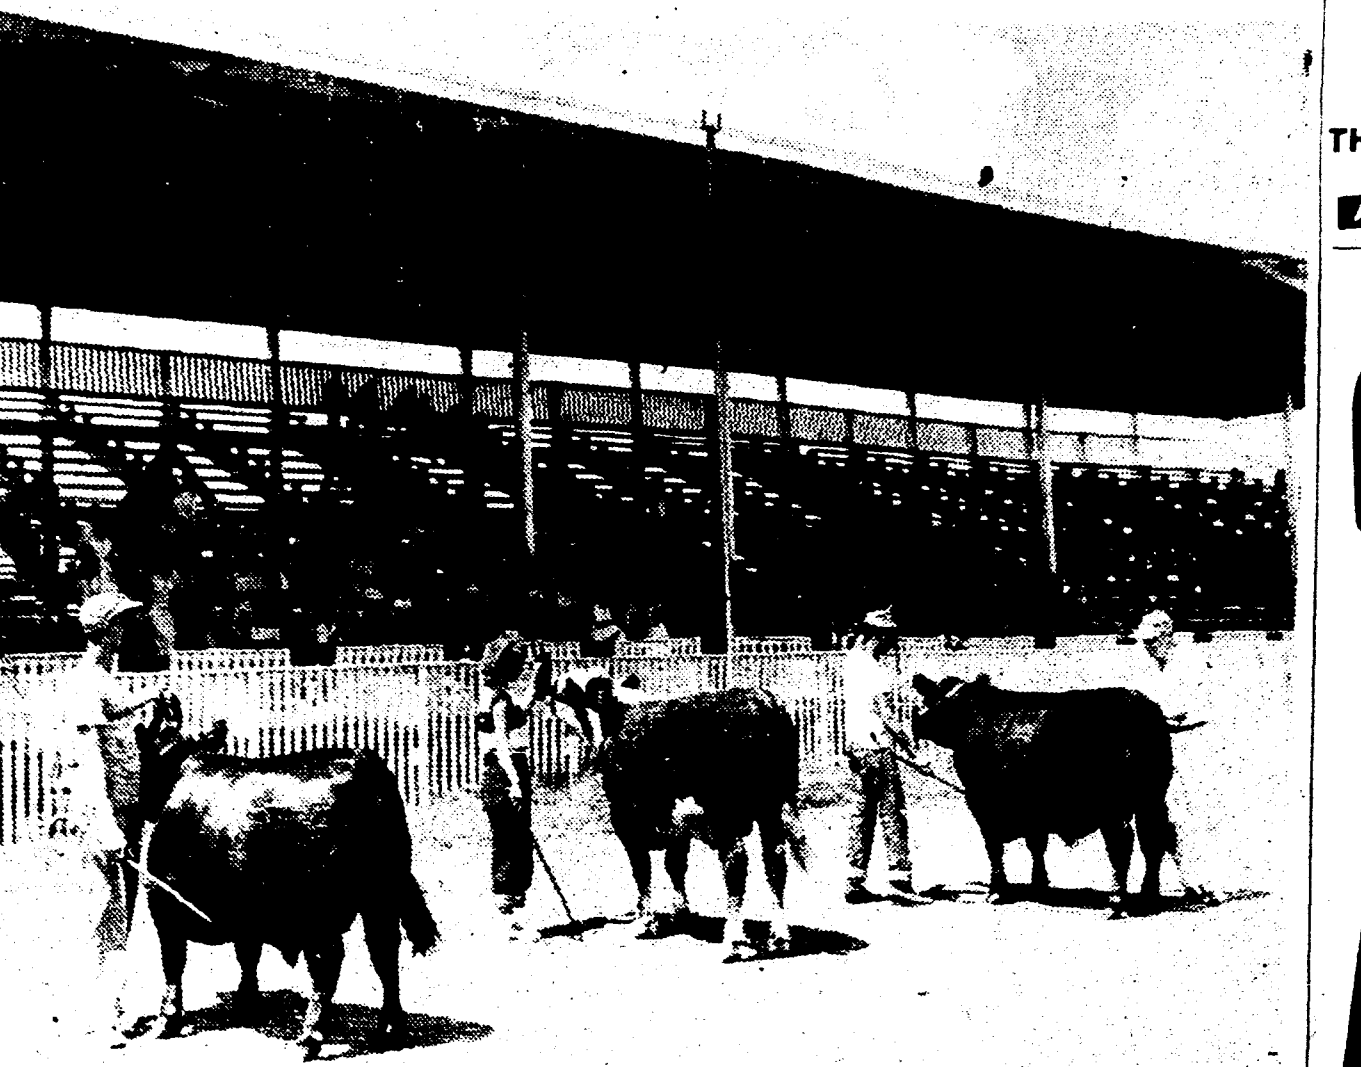

Roger will meet many notables at Akron, including Jimmy Stewart, the movie star, who will serve as marshal of a parade; Jimmy Doolittle, famed wartime flier, speaker at a special breakfast; and Governor Frank J. Lausche of Ohio.

Sunday afternoon the 150 entrants will compete at Derby Downs for the title which will bring one of them national fame and a \$5,000 college scholarship. The top five place winners all will receive trophies and prizes, including a Chevrolet sedan for second place. Every boy will receive valuable prizes.

The hopes of all Jacksonville will be riding with Roger as he goes into the Derby, which is run in heats against time. Last year John English was beaten in the record, one of the fastest of the Derby.

Guest Of Chevrolet
While in Akron, the champs all will be guests of the Chevrolet Motor Division, national co-sponsor of the race, under the supervision of W. E. Fish, general sales manager. The taken to an evening's entertainment extended weekend is planned to give

Jerry Barber 17th In Pro Tournament

Jerome (Jerry) Barber, Jacksonville's best known contribution to professional golf, wound up in a tie for seventeenth place in the All-American professional tourney at the Tam O'Shanter club in Chicago. Barber, who now resides in Los Angeles, Calif., finished with the very creditable score of 70-72-69-74-285, a score which was matched by Ed (Porky) Oliver of Kenmore, Wash. Both men drew down \$258.25 in tourney winnings.

Barber, listed as Jerry Barber in tourney play, finished ahead of such well known performers as Dr. Cary Middlecoff, Memphis, Tenn.; Jim Ferrier, San Francisco; and Jim Turnesa, Briarcliff, N. Y.

Lloyd Mangrum of the Tam O'Shanter club won the tourney championship and a top prize of \$3,333 by turning in a score of 64-70-70-72-276, with Sam Sneed of White Sulphur Springs, West Virginia, coming in second. Sneed's share of winnings was \$2,333.

Barber, son of Mr. and Mrs. A. J. Barber of South Main street, has

finished in the money in several tournaments during the past year. His best performance since he joined the pro ranks was second in a Florida tourney last winter at Miami.

Illinois Nursing Schools Seeking 500 New Students

Although enrollment to date for fall classes in most nursing schools in Illinois is as good as was reported last year at this time, at least 500 vacancies still are to be filled to reach the desired goal of 3,000 for the state, it was announced today by the Illinois Hospital Association.

Asserting that the present shortage of graduates is due mainly to increasing demands rather than schools, including the large state and to any great decrease in the number of young women who are interested in becoming nurses, the hospital association warns that with many new hospitals in process of construction and an even greater number of existing hospitals building additions to increase their bed capacity, a large student enrollment is imperative at this time to avoid an even more acute shortage within the next few years.

Continuing the association's statement:

86 Approved Schools

"Of the 317 hospitals in Illinois, only 86 maintain approved schools of nursing. These schools are relied upon not only to provide graduate nurses for their own staffs but for age of graduate nurses that do not have to increasing demands rather than schools, including the large state and to any great decrease in the number of young women who are interested in becoming nurses, the hospital association warns that with many new hospitals in process of construction and an even greater number of existing hospitals building additions to increase their bed capacity, a large student enrollment is imperative at this time to avoid an even more acute shortage within the next few years.

cate nurses for an increasing number of positions in industrial, public health and other nursing fields, as well as in the military services.

"To the qualified high school graduate who is interested in people and wants to be of service to them, nursing offers a career that is interesting and varied, with job security and many opportunities for advancement. The nursing course also is excellent preparation for homemaking and motherhood and for a vocation which may be resumed at any time regardless of age so long as competent service is given.

Cost Of Study Is Small

"Due to the fact that board, room and other services are provided to students, the cost of taking the three-year nursing course is considerably less than the outlay required in preparing for most other vocations offering comparable opportunities. Most nursing schools in Illinois provide excellent residence quarters and other facilities for pleasant living as well as opportunities for recreational activities away from the school. Many have nurses' homes that are superior to dormitories at well-known colleges.

"High school graduates, who meet other qualifications, may now enter approved nursing schools in Illinois at 17 years and on completion of the three-year course at 20 years may take the state examination for registration, as a result of an amendment to the nursing act passed by the recent session of the General Assembly. Previously the minimum registration age was 21 years."

Concluding its statement, the hospital association urges interested young women to apply to any hospital for information about nursing schools in their area, or write for a complete list of approved nursing schools in Illinois to: Illinois State Nurses' Association, 8 S. Michigan Ave., Chicago 3, Ill.

Meter Receipts Will Drop During Paving

Fabric Variety Reported As Mark Of Fall Fashions

"Fall fashions give the American woman a greater choice in fabrics than she has enjoyed in years," Miss Olive Smith, New York fashion coordinator for Montgomery Ward stores throughout the country, told a meeting of fashion department managers at the Fashion Clinic held July 28 at the Hotel Congress and attended by Mrs. Alma Mallen, fashion department head of the local Montgomery Ward store.

Fashion heads from Ward stores in Illinois, Wisconsin and Michigan also attended the meeting.

Miss Smith reported that lower prices for fall will make it easier for every woman to be better dressed for less money. Suit and coat prices will be 15% less while a dress which cost a customer \$12.98 and \$15.98 last year will cost her only \$10.98 this year.

The City of Jacksonville, which by the end of this year will have new pavements on all of its loop streets, stands to take a financial beating while the streets are torn up.

Parking meters which bring revenue into the city treasury each day except Sundays and holidays will not be working on loop streets while construction work is in progress. Streets will be barricaded after the project gets into full swing, so that automobiles could not get into the streets, anyway.

Revenue from parking meters on the public square and on adjacent business streets has been averaging about \$4,000 per month. When the loop streets are closed to traffic, city officials estimate that parking meter revenue will drop about \$1,000.

Parking meters in the loop will be removed from their present bases, as new curbs will be laid, after which the meters will be re-set.

Receipts of the meters go into the general fund, after which most of the money is appropriated to the police department fund. With the loop paving project scheduled to be completed by Dec. 1, several months will pass before the meter revenue climbs back to the \$4,000 bracket.

Storm sewer construction and gas connection work is now in progress in sections of the loop, where within a short time the wood paving blocks will be yanked out, and laying of the new pavement will get under way. The Sangamo Construction Co. will do the job, the cost of which will be paid by motor fuel tax funds and special assessments.

Inhabitants of one Chinese community frequently use fans differing from those in another area.

Greene County Clubs Schedule White Hall Picnic

Carrollton — A Greene County Farm and Home Bureau, Greene county Rural Youth and Greene county 4-H Club picnic, will be held this month in the Lions Park in White Hall according to plans made last week by the Public Relations committee at a meeting in the Farm Bureau office.

A county Sports Festival will be held in connection with the picnic but contestants will not participate in the State Sports Festival since the picnic will be held too late for entering contestants.

A 4-H club soft ball team has been organized to enter the State Sports Festival.

They played in the district meet at Bunker Hill Tuesday evening. The opposing team was from Bond county. William Hobson is the manager of the team.

Here's another big reason why

THERE IS NO FINER CIGARETTE IN THE WORLD TODAY THAN LUCKY STRIKE

America's finest cigarette laboratory assures you that—

1. Lucky Strike always means fine tobacco!
2. Lucky Strike is always a finer cigarette!

YOU SEE HERE the largest and most complete laboratory of its kind operated by any cigarette manufacturer in America.

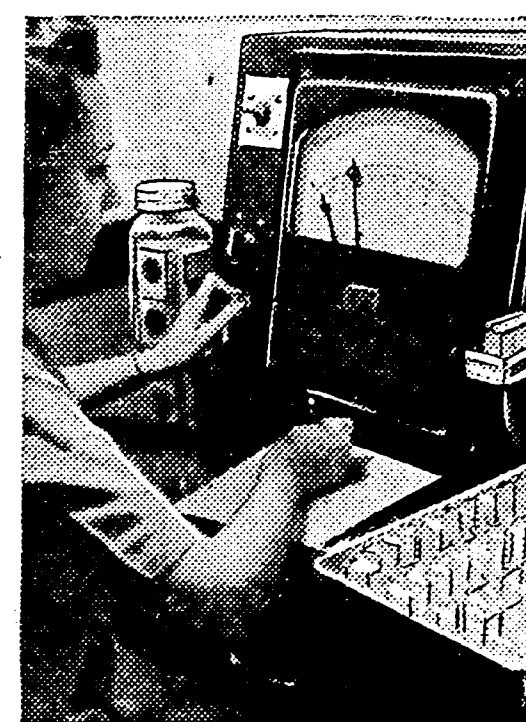

For many years Lucky Strike scientists have delved into cigarette research on an extensive scale. Out of this has grown an elaborate system of quality control. Every step in the making of Luckies—from before the tobacco is bought until the finished cigarette reaches you—comes under the laboratory's watchful eye.

As you read this, a constant stream of tobacco... samples from every tobacco-growing area... is flowing into the laboratory in Richmond, Virginia. These samples are scientifically analyzed, and reports of their quality go to the men who buy at auction for the makers of Lucky Strike.

Armed with this confidential, scientific information—and their own sound judgment—these men go after finer tobacco. This fine tobacco—together with scientifically controlled manufacturing methods—is your assurance that there is no finer cigarette in the world today than Lucky Strike!

Everything's under control! Lucky Strike scientists supervise intricate tests daily to guarantee that the weight, size, density and firmness of your Lucky Strike are always right. Such details are rigidly controlled to guarantee you a truly finer cigarette.

Luckies stay fresh. After Lucky Strike cigarettes have been made and then packaged, they must be tightly sealed to remain fresh. Here you see the cellophane seal being tested for air-tightness. Such instruments are in use at every plant.

Testing tobacco. Samples from every tobacco-growing area are analyzed before and after purchase. These extensive scientific analyses, along with the expert judgment of Lucky Strike buyers, assure you that the tobacco in Luckies is fine.

We know:

LUCKIES PAY MORE

for fine tobacco

(millions of dollars more than official parity prices)

We are convinced:

LUCKIES PAY MORE

for cigarette research

So, for your own real deep-down smoking enjoyment

Smoke a Lucky!

Luckies' fine tobacco and constant research give you a finer cigarette. PROVE THIS TO YOURSELF BUY A CARTON TODAY!

Mrs. Lohman Hostess To Westminster Society

Mrs. Walter Lohman entertained the Women's Missionary Society of Westminster Presbyterian church at her home in Ashland on Tuesday afternoon.

Reports were given by Miss Louise Holmes, treasurer, and Mrs. W. N. Harness, chairman of overseas sewing. Mrs. W. C. Rabjohns, chairman of devotions, introduced the pastor, Dr. A. F. Ewer, who led in a brief service of worship. The topic for the afternoon, chapter five of Shriver's "Missions at the Grass-Roots," was discussed by Miss Margaret K. Moore. Mrs. H. J. Capps presided at the business session.

During the social hour which followed the program, an opportunity was given for those present to inspect Mrs. Lohman's attractive new home. Later the hostess served refreshments, assisted by her mother, Mrs. Orville Coultas, Mrs. Floyd Boston, and Miss Virginia Wilhoit.

JUST TRY TO MATCH IT!

Put the Nash Airflyte to the acid test. Drive it. Compare it with any automobile you've ever known.

Where else can you find a car that offers such perfect aerodynamic styling... such ample passenger room... such amazing economy of operation?

Just try to match the 1-piece curved windshield in all models... the Uniscope... Twin Beds... and Weather Eye conditioned air comfort.

You'll find it's impossible to match the value of the 1949 Nash Ambassador Airflyte or Nash "600" Airflyte.

THE DOCTOR SAYS Community-Wide TB Surveys Can Save Victims

By EDWIN P. JORDAN, M. D.
Written for NEA Service

The great white plague, or tuberculosis as it is more commonly known today, is an infectious disease. The germ which causes it is most commonly caught from a person with the disease, although it can be carried also by unpasteurized milk or contaminated meat.

The best line of attack is to prevent the spread of the germ. One of the best ways to attack this problem is to survey the entire population of a community or city with the aim of picking out those who have the disease but do not even know it.

People who do not even know they have tuberculosis may infect others. The community survey has now become possible because of revolutionary improvements in the technical methods of diagnosing tuberculosis. This technical improvement involves the use of a tiny or miniature X-ray film.

Big City Experiment

Probably Savannah, Ga., was one of the first large cities to try this method out on a large scale. The country in which Savannah is located has a population of 150,000. During the autumn of 1945, nearly 75,000 residents of the country appeared voluntarily for chest X-rays.

Since that time several other cities including Washington, D. C., Seattle, Washington, and Cleveland, O. (in which such a survey is now in progress), have carried out similar X-ray surveys aimed at revealing unsuspected cases of the disease.

Mass tuberculosis surveys offer a wonderful means of picking out unknown tuberculosis (and often equally unknown other diseases of the chest). This permits many thousands to obtain proper treatment early enough to bring about a cure and helps to protect their many relatives and friends from acquiring this serious disease.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

THE DOCTOR ANSWERS

By EDWIN P. JORDAN, M. D.

Question: Some members of my family are subject to bloating, indigestion and nervousness with coated tongue and backache. What is this condition?

Answer: There are several possibilities. The most likely is a condition called spastic colon. The bloating could be caused by swallowing air unconsciously, a condition which is fairly common and associated with some nervous dispositions.

Tawny Tinting:

Screen Sun's Rays
From Nose, Eyelids

This girl tempers the sun's rays to her tanning needs to achieve an all-over golden tan. Her legs are given prolonged exposure to coax a deeper tan. Her easy-to-lose nose is protected by sunburn lotion plus a triangular pad; her eyes screened from glare by thick cotton pads moistened by eye lotion.

BY ALICIA HART
NEA Staff Writer

Let "nature take its course" when you're sun bathing and you'll wind up with a tan of as many different shades as there are browns and beiges in the color spectrum. Getting done to an all-over tawny tint takes time and effort to shield the easier-to-burn areas; to expose skin that stubbornly resists a tan.

The legs, hardly from constant exposure to weather, winter and summer, are slow to give in to a tan. This means that you will spend lots of time on the beach—all covered up except for your slowly bronzing legs.

In your eagerness to toast these

neither, don't leave off sun-tan oil. Oils and lotions screen the sun's savage rays but admit those that will turn skin tawny. Without this preventive cover you'll burn all right—but rosy red.

Talking of red—that will be the color of your nose after just a short take on the beach unless you use double screening measures. The elevation of the nose brings it closer to the sun than other facial features. Many women plot the shortest sun-tanning time for noses and then put

them under the shade of a cotton pad.

A triangle of absorbent cotton soaked in lotion or oil will provide adequate shade. There are also special shields devised for the same nose-covering job.

Sunglasses do a fine sun-filtering job but if you're concentrating on a uniform tan they're apt to leave their white "goggle" imprints on your face. Absorbent cotton, this time trimmed to the size of the eye-socket area and soaked in special eye lotion, will protect your eyes from glare and leave a small area to mask with sun-tan make-up.

A Change is in Order...

Change to OIL-PLATING!

Better Protection!... Safeguard your new car with Conoco Nth Motor Oil. There's an exclusive additive in Conoco Nth that fastens an extra shield of lubricant right to the metal surfaces. That's OIL-PLATING!

Saves Your Car!... OIL-PLATING is always there—a buffer against wear. Even when the oil itself has been squeezed out by high loads, high speeds or high temperature, Conoco Nth extra shield protects moving parts.

Safe Starts!... OIL-PLATING holds fast. It can't all drain down, not even overnight. No metal-gouging "dry-friction" starts in the morning with an OIL-PLATED engine!

Lets You Brag!... because another additive in Conoco Nth fights sludge and carbon... keeps repair bills low!

St. Louis Cardinals Beat Reds 8-0 As Brooklyn Defeat Phillies 7-5

St. Louis, Aug. 10.—(AP)—The big bats of the St. Louis Cardinals were clicking in fine fashion tonight and Al Brazie was sharp as he turned in his fifth successive victory—8 to 0—over the Cincinnati Reds the victims.

But the Brooklyn Dodgers won also, so the Cards and Dodgers stay deadlocked in the Red-hot National League race.

There were four doubles and three triples in the Redbird attack. Tommy Glaviano and Stan Musial had one of each. Ron Northey and Joe Garagiola doubled and Chuck Dierling had the other three-bagger.

Herman Wehmer was the first of the five Cincinnati pitchers. He, like Brazie, was trying for a fifth

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Aug. 10.—(AP)—All livestock turned steady to higher today. Hogs managed a strong to 25 cents better trend and cattle and sheep were steady to a quarter higher.

A load of hogs hit \$23.65, highest since Nov. 30, but the practical top was considered \$23.50, with most good and choice offerings ranging downward from that figure to \$21.25. Weights above 300 pounds were scarce. Sows took \$15 to \$21 generally and a top of \$21.50 for a few.

High-choice steers topped at \$28.75 and heifers at \$27.25. Most good and choice steers sold from \$25.50 to \$28 and good to low-choice heifers from \$25.25 to \$27. Good cows brought \$19 and below, sausage bulls \$20.75 and under, yearling weathers at \$21 and ewes at \$9.

Hogs on sale were estimated at 9,000 head, cattle at 11,000, calves at 400, and sheep at 1,000.

Our Saviour's Whip Rogersons To Break Loop Tie

The Our Saviour's kid softballers whalloped Rogerson Coal company's juniors 15-6 at the Northside park last night to break a second-place deadlock between the two teams in the National League.

Magner traveled the five-inning route to score the win for Our Saviour's. Beasley, also going all the way, was credited with the loss.

In another lop-sided bout, the American League Merchants tromped the Flamingo Club boys 14-2 in seven innings. This game was a play-off of a recently rained-out contest between the two outfits.

Bates twirled for the Merchants while Turner suffered the loss for the Flamingos.

Tonight's junior games at the Northside park will pit the Exchange Club nine against the Trinity Club at 7:15 and the Merchants against the Squires at 8:45.

White Sox Rally In 10th Inning To Beat Tigers

Detroit, Aug. 10.—(AP)—The Chicago White Sox rallied for three runs in the tenth inning to defeat the Detroit Tigers, 6 to 3, today and even the two-game series at a game apiece.

The Sox outburst came after pinchhitter Dick Wakefield had homered for the Tigers in the ninth, deadlocking the score at 3-all and sending the contest into overtime.

Chicago went in front with three runs in the sixth to make the score 3-2 and it stayed that way until the ninth.

Mickey Haefner went all the way for the Sox and registered his seventh victory against six defeats including his service with the Washington Senators. He gave up six hits.

Hal Newhouse started for the Tigers and gave up eight hits before he was lifted for a pinchhitter in the seventh. Lou Kretlow, Marv Grissom and Dizzy Trout followed. Grissom was the victim of the Sox tenth inning outburst and was charged with the loss.

N. Y. Yankees Edge Red Sox 3 To 2

Boston, Aug. 10.—(AP)—The New York Yankees scored three runs in the sixth inning today after being held scoreless on two hits over the first five and went on to edge the Boston Red Sox, 3-2.

The victory, credited to lefty Ed Lopat, who was replaced at the start of the eighth by southpaw Joe Page, extended the league leaders' margin over Boston to 61 games.

Lopat, whose record now is 11-5, gave only four hits. The Sox used two doubles for their first run in the opening inning and the last hit off the Yankee starter was Vern Stephens' 28th homer. The Yankees hoped on Joe Dobson, who lost his ninth game, for five hits and all their runs.

Payoff blow in this outburst was a bases loaded, two-run single which Hank Bauer lined sharply off the wall in left.

Phil Rizzuto started the Yankees' sixth by bouncing a single into left. Bobby Brown dropped a Texas leaguer into left, Rizzuto moving to third. First Baseman Bill Goodman did well to flag a hot grounder from Tommy Henrich and forced Brown at second. The double play missed as Rizzuto scored.

Joe DiMaggio followed Henrich at bat and doubled to left-center. Tommy taking third. Both hustlers home on Bauer's smash which followed an intentional walk to Gene Woodling.

Charles, NBA Champ, Batters Lesnevich 7 Rounds To Take TKO

New York, Aug. 10.—(AP)—Ezzard Charles, hungry for the acclaim of New York's fight fans, gave a savage exhibition tonight as he cut Gus Lesnevich to shreds at Yankee Stadium and forced the 34-year-old gaffer to surrender at the end of seven rounds.

The impressive victory by the sharpshooting Cincinnati negro vastly bolstered his claim to the world heavyweight championship, which he already held in the 47 states controlled by the National Boxing Association.

One Sided Battle

The one-sided battle, fought before some 15,000 sweating onlookers, ended when Lesnevich's manager, Joe Vella, called Referee Ruby Goldstein over to Gus' corner at the end of the seventh and told him the former light heavyweight champion had enough.

Under New York rules, the fight was scored as ending in the seventh round.

Both of Gus' eyes were puffed until he was peering through mere slits, and he was bleeding profusely from a deep cut under his left orb. He had taken a terrible beating in the seventh and had staggered to his stool like a very tired old man.

Charles, who won the NBA title by beating Jersey Joe Walcott at Chicago just seven weeks ago tonight, carried every round except one by wide margins. Gus, making what proved a last, despairing stand, shook the mustached negro with a couple of solid rights in the sixth, which was scored even on the Associated Press card.

Gus' Arms Too Short

But that was the only really threatening gesture by the popular veteran from Cliffside Park, N. J. Ezzard employed his superior height and reach to step around Gus and cut him down at his leisure. Lesnevich's arms were just too short to clip his elusive rival.

Flushed with confidence when it was over, Charles clarified that he would face any contender chosen by Eddie Egan of the New York commission within six weeks or two months. He added what already had been obvious to the ringsters—that Lesnevich never seriously shook him up.

Egan said yesterday that if the winner tonight were matched with the victor in the on-again, off-again engagement between Lee Saviold and Bruce Woodcock in London the New York commission would recognize it was for the world title. New York is the only state which has not recognized Charles as champion.

Downcast In Defeat

Lesnevich, downcast at his crushing defeat by a man he had honestly believed he could lick, conceded that Charles was a sharp puncher and a difficult man to hit, but implied that he didn't think Ezzard was too finely conditioned tonight. Where he got that idea was something of a mystery to observers.

Ezzard was much more aggressive than in his dreary win over Walcott. He showed a marked disposition to mix it from the start and displayed little fear of Gus' vaunted right, which had stretched several fair heavyweights in recent years.

When Gus sailed in throwing rights and lefts, Ezzard usually either brushed them off or let them slip hurriedly past his jaw and then slammed vicious clouts to Lesnevich's face. Now and then he poured a full right swing into Gus' side, blows which obviously hurt.

As early as the interval between the second and third rounds, Gus' seconds were applying an ice pack to his puffed left eye. In the sixth the veteran sustained a gash on his left cheek from which the gore poured, and in the sixth his left eye got the works.

Manager Vella told the veteran between the sixth and seventh that if he failed to land a good punch in the next stanza he was going to stop it, and he proved to be a man of his word. He has managed Gus throughout his career and there is a close bond between them.

Braves Defeat N.Y. Giants 4-1

New York, Aug. 10.—(AP)—Southpaw Warren Spahn turned in his 14th triumph of the season today as he pitched the Boston Braves to a five hit 4-1 victory over the New York Giants.

Whitely Lockman accounted for the only Giant run with his ninth home run of the year in the first inning.

The Braves also collected only five safeties but they jammed all of their blows into the fourth and fifth innings against Monte Kennedy.

Sammy Snead ranks as the leading money winner of the year, along with Dr. Cary Middlecoff. Until Tam O'Shanter, the two "greenies" had split the pot of every major golf tournament in 1949. Sam and the Dr. will tee off in the second of a series of five matches for the "Unofficial World Golf Championship" on the Quincy Country club greens Thursday afternoon, August 18 at 2:30 p.m.

Quincy, Illinois, is only one of the five sites on which the two old pros will battle for this new crown. The winner of three out of five matches will carry off the honors and a weighty cash bonus.

Bob Kraushaar announces that the first Jacksonville high school football practice will get underway Thursday, August 25. He will issue equipment to the Crimson Huskies on the preceding Tuesday.

Quincy's representative in the local sectional softball tournament, currently in progress, has finally been publicized. The colored American Legion Post 906 will wear the Gem city's banner against the Winchester V.F.W. in the 8:45 contest tonight. Skimming through the 16-team district play-off meet, the Legionaires used a single pitcher who hurled 30 consecutive innings and allowed one run. The colored twirler won his four games by successive scores of 11-0, 5-0, 1-0 and 5-1.

Of course Winchester isn't going to take this sitting down. They have scooped up a pair of pitchers for the sectional that will rate them better than par among the stronger teams. Don Stillwell of Pittsfield and Dean Fair, a White Hall flinger who has been gammer with the Elks in the "A" league, will take over the Scott county team's mound assignments.

When Winchester and Quincy clash tonight, fans will be able to hear the ring of battle all the way back in the cheap seats. We, who don't know enough to keep from sticking our neck out, are calling it the game of the tournament, and predicting that the winners will travel through to the sectional title.

All the blood in the body has to go through the lungs 2000 times a day.

Chicago Cubs Shut Out Pirates 2-0

Chicago, Aug. 10.—(AP)—Doyle Lade, Pudgy right hander recently promoted to starting duty, blanked the Pittsburgh Pirates with a four-hitter today to give the Chicago Cubs a 2-0 triumph before a Ladies day crowd of 21,122.

Jim Walsh, Indianapolis rookie making his first start since he was recalled by the Pirates last unday, yielded only six hits. However, the Cubs bunched four in the fifth for both tallies.

Hankauer, Herm Reich and Mickey Owen singled to fill the bases and Roy Smalley doubled to drive in two. Murry Dickson hurled the final two rounds.

It was Lade's second victory against many defeats. Only one Pirate reached third against Lade and that was due to a pair of errors by Andy Pafko and Wayne Terwilliger. Los Angeles rookie making his starting debut at second.

9th Frame Homer Gives Browns 5-4 Win Over Indians

Cleveland, Aug. 10.—(AP)—Outfielder Dick Kokos' ninth inning home run off Bob Lemon won a 5-4 victory for the St. Louis Browns tonight over the Cleveland Indians.

The tribe went scoreless until the fifth when they tied the game with a four-run rally featuring homers by Lemon and Larry Doby.

The win gave the Browns an even break in their two-game series here, Lemon getting his eighth loss for a 13-8 record.

Lemon yielded three runs in the first inning on four singles and a walk. In the second frame Bob Dillinger tripled to the centerfield fence and scored the fourth Brown run after Ken Keltner caught Dick Kokos' pop foul.

Johnny Berardino started the Tribe's four-run rally in the fifth with a double, scoring on Bob Kennedy's single. Lemon's homer—his seventh of the season—cleared the right field fence to score Kennedy in front of him. Then Larry Doby pounded his 15th homer of the year into right-center field.

Tom Ferrick replaced St. Louis starting pitcher Cliff Fanning in the 6th to get credit for the win.

Washington Edges Athletics 8 To 7

Washington, Aug. 10.—(AP)—Sherry Robertson's grand slam homer and six double-plays ended Washington to edge the Philadelphia Athletics, 8-7, tonight. The Senators compiled a 7-0 lead and staggered to victory after the A's rallied for six runs in the sixth inning.

Clyde Vollmer's homer launched a 3-run outburst against Alex Kellner in the second inning and Robertson lifted Washington's margin to 7-0 with his home run off Charley Harris with three aboard in the fourth.

Philadelphia bounced back with six runs off Sid Hudson in the sixth on five singles, an error and Pete Suder's triple.

Lou Brissie wild-pitched across the winning run from third after replacing Bobby Shantz in the sixth. The defeat snapped Philadelphia's 4-game winning streak and gave Kellner his eighth loss against 14 wins. The triumph was Hudson's seventh. He has lost 10.

Jacksonville Teams Win Thrill-Packed Sectional Openers

Implement Dealers vs. Pittsfield (7:30 p.m.)
Winchester V.F.W. vs. Quincy Legion (8:45 p.m.)

"They couldn't have been closer or more thrill-packed," commented a softball fan at the conclusion of opening night hostilities in the sectional tournament at the Southside park last night.

His observation was the consensus of the packed gallery of softball enthusiasts who saw two Jacksonville teams, the House of Clay and Myers Bros., nip visiting teams by a cat's whisker to annex first-round victories in the meet.

The House of Clay aggregation outclouted Julius Weg's Mt. Sterling nine in a 4-3 slugfest to open the evening's fun. In a combination pitchers'-duel and home-run exhibition, the Jacksonville club waited until the sixth inning before outfielder Chris Copeland's two-run homer provided the winning edge.

Previous to Copeland's telling blow, Mt. Sterling first baseman Ray had dusted one of Tom Nesbitt's offerings over the left field wall for a four-bagger in the top half of the sixth to throw the contest into a 2-all knot.

The Brown county club fought bitterly to stay in the sectional running after dropping behind 4-2 in the sixth round. In a dramatic finish, Mt. Sterling slipped a run over the platter after two men were out, and had the tying tally on first base when the last batter popped up to end the game.

Myers Takes Hair-Raiser

Myers Bros. made it a clean sweep for Jacksonville in the second contest when they sneaked by the Critic Feed of Beardstown outfit 3-2 on the four-hit twirling of Bud Suttles.

Leo Shay and "Turp" Morris collaborated to count the initial Myers run of the game in the opening inning on consecutive base knocks. Nursing the one-run lead, Suttles became very unsociable with the Beardstown sluggers and kept four hits scattered through the same number of innings.

The clothiers picked up another run in the fifth before they let the Critics count a tally in the sixth canto and came up on the short end of a 2-1 mark. Each club scored one run in the seventh to end the thriller with Myers out in front, 3-2.

Tonight's Games

Tonight's games will see the Jacksonville Implement Dealers tangling with Pittsfield, the Mt. Sterling district winner, at 7:30. The Winchester V.F.W. crew will meet Quincy's

Local National Guard Will Leave For McCoy Friday For Training

Five officers and approximately sixty enlisted men of the Jacksonville unit of the National Guard will entrain Friday for 15 days of field training beginning August 13 at Camp McCoy.

Under the command of Captain Lawrence (Bud) Quinlan, Co. G, 123rd infantry will undergo field training which will include recoilless weapons, anti-aircraft artillery, demolition schools, and air transportation as well as the basic infantry weapons.

Oldest Member Of Family Dies On Eve Of Reunion

Descendants of William and Jane Atkinson Cockerill, who settled in Morgan county in 1832, met in their thirtieth annual reunion Sunday, August 7, at Nichols park.

George Cockerill, son of the pioneers, the oldest surviving member of the immediate family, died at midnight Saturday, August 6, at the age of 87 years. He had served as president of the reunion almost continuously since its organization. Mr. Cockerill had planned to attend this year's reunion.

His sisters, Mrs. Rhoda Melton and Mrs. Mina Thady, of Jacksonville, the other surviving members of the parental family, were unable to be present.

The attendance of 35 was the smallest in the history of the reunion. Emory Thady of Jacksonville offered grace and a bountiful basket dinner was served at the noon hour. Fred Cockerill of Bluffs presided over the business meeting during which a poem, "The Abiding Love" was read by the secretary, Harriette E. White, of Plymouth, in tribute to the six family members who have passed away during the year.

Officers elected were Wm. Cockerill, Murrayville, president; Emory Thady, Jacksonville, vice president; Harriette E. White, Plymouth, secretary and treasurer; Johnny Evans and Clement Blackburn, Jacksonville, table committee.

Wm. Cockerill was the oldest present and his two-year-old granddaughter, Mary Linda Powers of Quincy, the youngest.

Relatives attended from Winchester, Bluffs, Manchester, Pekin, Murrayville, Jacksonville, Havana and Plymouth. The reunion will be held on the first Sunday in August 1950.

William E. Turner Taking Training At Camp Chaffee

Recruit William E. Turner of route 2, Murrayville, Ill., has been assigned to the Fifth Armored "Victory" division for fourteen weeks of basic training.

Reactivated July 6, 1948, the Fifth Armored "Victory" division hung up a brilliant war record in six European campaigns during World War II. Before the end of 1949 Camp Chaffee is expected to have 20,000 troops, making it the largest army training center in the nation.

Before entering the army, recruit Turner was employed by farm work.

He is now assigned to Btry "A," 47th Armored Field Arty Bn.

JOE, 4-H CHAMPION

Joe, a sleek Angus steer who likes to eat and win purple ribbons, eyes the camera man curiously shortly after winning his sixth grand championship of the year. Joe and his proud owner, Delbert Rahe of Chapin, aspire to do as well in the 4-H and open classes at the Illinois State Fair.

Rahe has won the Morgan county 4-H steer championship three years in a row. His 1948 entry was also named Joe.

"It's a good short name. Last year's Joe did pretty good and so I decided to keep the name," Rahe explained.

Joe took three purple ribbons at Carrollton; one each at Mt. Sterling, Griggsville and Jacksonville.

Fruit Growers To Hold Meeting At Pittsfield Aug. 12

White Hall—Fruit growers in this area have been advised of a meeting to be held in Orr Memorial hall, Pittsfield on Aug. 12 at 8 p.m. The meeting according to Farm Adviser Bill Brown is scheduled to discuss labor problems and the keeping of overhead costs to a minimum due to the large amount of fruit to be harvested this year. David Rawlings Escapes Injury In Car-Bike Accident

David Rawlings of 203 Franklin street narrowly escaped serious injury Wednesday afternoon when he was knocked from his bicycle by a car driven by Mrs. Merrill Kesinger of White Hall. The accident happened on South Main street at 4:45 p.m.

Rawlings, who was riding his wheel south on South Main, brushed the side of a parked auto and then swerved into the street, into the side of Mrs. Kesinger's car. He was knocked to the pavement.

Rushed to Passavant hospital by a passing motorist Rawlings was examined by Dr. A. G. Wolfe and was released to his home.

Virginia Mayor Tells Kiwanians Of Western Trip

Virginia—On Monday evening Mayor Robert Hierman gave the members of the Kiwanis club an account of his recent trip to the northwest and west. Yellowstone park, the rodeo at Cheyenne and Salt Lake City were points of interest. Some time was spent in Colorado, Colorado Springs and Manitou, Kansas.

The mayor thinks Colorado is a great state and he thinks it regrettable that Illinois is not adjacent to Colorado, rather than Kansas.

The bears in the park were as mischievous as ever and the rodeo at Cheyenne as colorful, he said. Making the trip were Mr. and Mrs. Glenn Bierbaum and Mr. and Mrs. W. R. Hierman and family.

The Rev. George Wilson will fill the pulpit at the Christian church of Virginia on Thursday evening, August 11, at 7:30.

Fred Engelbach Wins Medal At Summer School

Fred Engelbach, son of Dr. and Mrs. Frederick Engelbach, 1400 Mound avenue, has been awarded the Tuxis Bronze medal by the Culver Summer Schools where he is spending this summer in the Naval Band with boys from 38 states and six foreign countries.

The bronze Tuxis medal is awarded to bandmen after they have demonstrated proficiency in five different phases of the Culver camp program. These accomplishments must be individual and competitive athletics, military, musicianship, academics, and social.

Engelbach is now eligible to begin work on his silver Tuxis award which requires more advanced accomplishments.

Reports Nation's Polio Cases Are Slackening Some

Washington, Aug. 10.—(AP)—The infantile paralysis total continued to mount last week, but the rate of increase is slackening.

That was the picture presented today by the U. S. Public Health service.

It reported a total of 2,451 new cases for the week ended August 6—bringing to 10,748 the total cases for the year. The latter figure compares with 7,030 for the comparable span in 1948, a near-record year.

Since the beginning of the polio season this year—the third week in March—9,225 cases have been reported, compared with 6,680 for the same period in 1948.

For all of 1948 there eventually were 27,680 cases listed—second only, in point of number, to 1916 when approximately 30,000 cases were reported.

But health service officials pointed out that in 1916 virtually all the cases reported were of the paralytic type and that if non-paralytic cases had been extensively reported then, as they are today, the 1916 figure might well have been between 60,000 and 70,000.

Mrs. Inez Poole Fractures Ankle

Mrs. Inez Poole, 211 Franklin street, suffered a fractured ankle Tuesday in an accident at her home. The accident occurred when a porch swing fell suddenly, striking her ankle.

Chamber Of Commerce Urges All Persons To Give Money For Spray

Jacksonville Chamber of Commerce, in cooperation with the Morgan County Health department, Wednesday, urged every one to make voluntary contributions toward the purchase of 25% DDT solution to be used in spraying all streets and infected areas in and around the business section.

A large quantity of the spray material has been ordered and will be delivered the latter part of the week. The Park Board will furnish a mechanical power sprayer to spread the solution with the operating unit under the supervision of Park Superintendent Russell Kelly and Park employees. They will be assisted in the work by employees of both the street department and the fire department. The only cost in spraying the area will be for the spray material.

Program Investigated
The program of spraying the alleys and streets has been thoroughly investigated by the Health department, local M.D.'s and the State Health department. All are agreed that the measure should be effective in eliminating flies throughout the area and is advisable as a precautionary measure during the present polio threat.

The city has no funds available with which to pay the cost of this program. It is possible that they could be secured through tax or state funds but the time required would be so long that the money would not be available until the first of the year. Based on this fact, the city has asked the Chamber of Commerce to coordinate a program for a voluntary fund to defray material costs.

Officials Urge
Chamber officials urge businessmen to contribute approximately the amount necessary to pay the cost of spraying their own individual property. These costs will be approximately \$1.50 per building. Other interested citizens are urged to make contributions in the interests of precautionary health measures for the community.

Contributions may be mailed to the Chamber of Commerce or at any of the following business houses where jars have been placed to receive donations.

Long's Pharmacy, Elliott St.; Bank, Elm City Cafe, Hamilton's Cafe, Walgreen Agency Drug Store, Farmers State Bank, Mac's Drug Store, Dunlap Hotel, Illinois Power Company, and Illinois Telephone Company.

When 16 year old John Schuessler 3606 Maynard street, Decatur, Ill., saw a Jacksonville Courier of July 25, he was especially interested in one story, concerning Carl Hemmrich's collection of more than 3,000 match book covers.

"Can You Match This?" was the caption over a photograph of Mr. Hemmrich, 417 East Vandallia Road, with his match book covers displayed on a wall.

"I can more than match that," young Schuessler has written to this newspaper. "I have more than 4,500 match book covers, not counting duplicates. There are all sizes and shapes."

The Decatur boy was born in Jacksonville, and was visiting relatives here when he saw the story about Mr. Hemmrich's collection. The Schuessler family moved to Decatur when John was 12 years old.

"I am now 16 and have collected match covers since I was 12," John elaborated in his letter. "I have mounted many in scrap books as to their class—restaurants, service stations, taverns, etc. Half of my collection is filed in boxes."

Young Schuessler said he hasn't traveled much himself, but many friends and relatives have helped add to his collection.
